EDITORIAL

Apart from different virtual races taking place, there is not much to report about these days. Members are requested to send in all relevant news and photos for publication in the newsletter.

VIRTUAL CSi IRENE FARM RACE

Only 63 out of 569 Irene members have entered for our Virtual CSi Irene Farm Race due to take place on 31 October. This is very disappointing indeed.

Please support the club and enter for the race, we rely on our club members in these times.

We plan to have something special for our members on the day.

Use this link to enter: <https://irenefarmrace.co.za/>

We salute CSi for coming to the party even though it will be a virtual race. They are an amazing sponsor!

CAPTAINS CORNER

Koeksister Run/Walk – 24 October

On 24 October we will be having a Sunday Run with a small difference. While the normal routine of running between 6 AM and 9 AM and you choosing your own distance will not be changing, we will be adding a “sweet” incentive for you to come along and join us and a few guests on a COVID regulated social run or walk.

Please send a WhatsApp to Keith **by 14 October** on 0824503275 or email keith11523@gmail.com if you wish to join in for a run so that we can make sure there are enough koeksisters for all who attend.

Running on the Farm

While it is safe running on the farm in terms of traffic, we must not forget the hazards that can be found on the route.

Last year we reported the start of a sink hole around 1.3 kilometres into the time trial route and were surprised when a huge hole appeared around the 2.3km.

The route was fenced off to ensure no traffic could pass through on these roads. I have noticed recently that the fencing has become less and in one place, replaced with a log.

Also noted that because the fence is low at the “small hole”, people climb over and continue to use this route.

I went to take a closer look and would advise to stay well clear of both holes.

If you look at the image below you can see that the hole at 1.3km is much deeper and now runs under the entire road. With the rains starting again, it is only a matter of time before this section collapses.

Where the big hole appeared (just up from the clubhouse) it is clear there is no rush to repair it and it has “grown” over time.

Watch carefully if you do use the gravel path next to this section as I noticed that there are a few cracks developing around the hole and we can expect further sections of this area to collapse as well.
